# TRIBUTE TO OUR FOUNDER

---

Late Shri D. P. Mittal

1953 - 2020

You had been an extraordinary guide, nurturing minds with unwavering commitment, Your constant belief in hard work led to boundless achievements, You had been illuminating the route to our life's accomplishment, The path of success that you paved is always the root of our encouragement.

# From The President's Desk

It is with great honor and pride that I address you as the Chairman of this esteemed institution. As we reflect on our journey, I am filled with gratitude and admiration for all that we have achieved together. Our school has not only been a center for academic excellence but also a nurturing ground for character, creativity, and leadership.

Education is the cornerstone of progress and the key to unlocking infinite potential. Here at Saraswati Paradise International Public School, we have always prioritized the holistic development of our students. We aim not only to impart knowledge but also to instill values, ethics, and a sense of responsibility in each individual. It is our belief that education extends beyond the confines of the classroom and into the lives we lead, the decisions we make, and the communities we serve.

To our dear students, you are the heart of this institution. Every effort we make is centered on providing you with the tools and opportunities to grow, excel, and succeed. I encourage you to dream big, work hard, and remain curious about the world. Remember that every challenge you face is an opportunity to learn and grow stronger. Believe in yourselves, and never hesitate to seek guidance from your mentors and peers.

To our dedicated teachers and staff, your unwavering commitment to shaping the minds and futures of our students is truly commendable. Your passion and hard work inspire not just the students but the entire school community. I urge you to continue being role models and mentors, fostering an environment where learning thrives and innovation flourishes.

To our supportive parents, your role in this journey is invaluable. Your encouragement, trust, and collaboration with the school have been pivotal in ensuring the success and well-being of our students. Together, we can create a foundation that empowers our children to achieve their dreams and contribute meaningfully to society.

As we look to the future, let us remember that our strength lies in unity, resilience, and a shared vision. The world around us is evolving rapidly, and it is our responsibility to equip our students with the skills, knowledge, and adaptability to navigate this ever-changing landscape. I am confident that with your continued support and dedication, we will reach even greater heights and set new benchmarks for excellence.

Let us work together to uphold the values of integrity, respect, and perseverance that define our school. I invite each one of you to be an active participant in this journey of growth and transformation.

Thank you for being an integral part of our school community. Let us move forward with hope, determination, and the belief that together, we can achieve the extraordinary.

Mr. Himank Mittal

# From The Principal Desk

Nelson Mandela once said, "Education is the most powerful weapon which you can use to change the world." This belief underscores our commitment to nurturing every child's potential. I would like to share the vision of our school with you all. Often, we think a child comes imperfect to school at the age of three and walks out perfect at the age of seventeen. However, I believe that the child comes perfect at the age of three, and our task is to nurture that perfection. Every child has his or her own potential, and at Inspiration, we provide ample opportunities to cultivate that potential. The Four Cs of success—Communicate, Collaborate, be Creative, and have a Critical thinking approach—are fundamental principles we uphold at our school. Information is liberating, and education is the premise of progress in every society. Communication is a crucial aspect of a child's growth and development. Effective communication can unlock a child's potential. Through communication, a child understands that life is about thoughts and how those thoughts can impact the minds of others. At SPIPS, we aim to make every child an effective communicator. To achieve this, we organize special communication classes from the foundation years through specialized outsourced programs. We present challenging situations to enhance students' verbal skills, as poor communication can be a significant barrier to success.

Mr. Neeraj Verma

In addition to communication, collaboration is essential in today's interconnected world. We encourage students to work together on projects and assignments, fostering teamwork and mutual respect. This not only prepares them for future careers but also helps them understand the value of different perspectives. Creativity is another cornerstone of our educational philosophy. We provide numerous opportunities for students to engage in creative activities, from art and music to innovative problem-solving tasks. Creativity stimulates the mind and helps students think outside the box, leading to unique solutions and ideas. Critical thinking is integral to a comprehensive education. We challenge our students to analyze, evaluate, and synthesize information, developing their ability to make informed decisions. This skill is vital in an era where information is abundant, and discernment is key. To address the needs of skill development, we have introduced a wide variety of subjects in the senior classes. At SPIPS, we focus on the holistic development of our children, ensuring they score high and receive a well-rounded education. This prepares them to explore all possibilities that the world offers.

# OUR VISION & MISSION

---

## Our Vision

Our vision is to become a renowned global educational institution that embodies the spirit of Saraswati, the goddess of knowledge and wisdom, and creates a paradise of learning and growth for our students. We aim to foster a community of diverse individuals who embrace international perspectives, celebrate cultural richness, and strive for excellence in all endeavors. Through innovative teaching methods, advanced technology, and a commitment to lifelong learning, we envision empowering our students to become leaders and change-makers in a rapidly evolving world, guided by the principles of compassion, integrity, and respect."

## Our Mission

"At Saraswati Paradise International Public School, our mission is to cultivate a dynamic educational environment that embodies the essence of Saraswati, the epitome of wisdom and learning, and represents a paradise of intellectual exploration and personal development. We are dedicated to providing our students with a global perspective, nurturing their individual talents, and instilling in them a passion for lifelong learning. Through a rigorous academic curriculum, diverse extracurricular opportunities, and a supportive community, we aim to equip our students with the skills and values necessary to thrive in a multicultural society and make a positive impact on the world. We are committed to promoting a culture of inclusivity, environmental sustainability, and social responsibility, as we strive to uphold the legacy of Saraswati and create a harmonious paradise of education for all."

# Performance Milestones

## Medhavi Chhatra Samman

Vanshika Dogra made the school proud by scoring 98% marks in class XII CBSE Board Examinations. Being felicitated by the Chief Minister, Mr. Sukhvinder Singh Sukhu at the Medhavi Chhatra Samman organised by Amar Ujala is a significant recognition of her hard work and dedication. Such achievements not only inspire the individual but also motivate other students to strive for excellence in their studies.

## Keekli Charitable Trust

Sunandini Sharma brought laurels to the school by securing the second position in Vocabulary Skills Competition at the Mimansa Literature Festival organised by Keekli Charitable Trust.

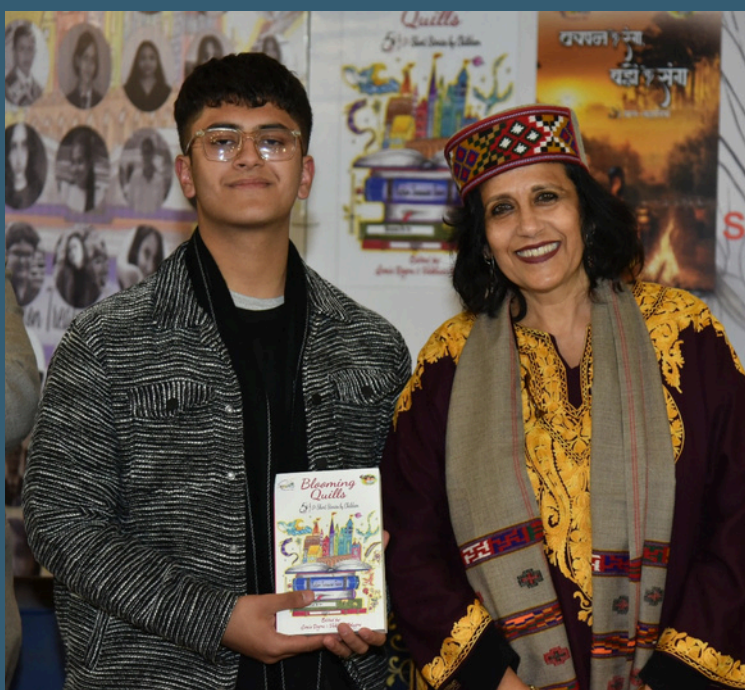

## Children's Theatre Festival

Our talented actors took part in the Inter School Drama Competition hosted by Keekli Charitable Trust. We are proud to share that they won the first prize in the Costume category! Additionally, Purnima also shone bright and secured the second prize in the best actress category.

Three students from our institution: Divyashree, Sunandini, and Prithvi Raj brought accolades to the school. Their stories were selected from a vast pool of submissions, showcasing their exceptional writing skills and unique perspectives. This recognition not only reflects their individual talents but also brings pride to our school community.

# Mindful Musings

## Be Kind and Smile

A little smile can go so far,  
It shines as bright as any star.  
A kind 'Hello', a helping hand,  
Can spread some joy across  
the land.

Be kind to friends and even  
more,  
To those you've never met  
before.  
A little love, a gentle way  
Can make it such a happy day!.

Share your toys and play with  
care,  
Show the world you love to  
share.  
When you are kind, it feels so  
sweet,  
It makes the world a better  
street.

So smile, wide and always try,  
To lift someone and dry a cry.  
Kindness grows and never  
ends,  
It starts with you and spreads  
to friends!.

-Kritika (Class VI)-

## Sky's Embrace

The rain begins, a gentle sigh,  
As clouds drift by, across the  
sky.  
A soft caress, on window pane,  
Washing worries, easing pain.

The world outside, a misty haze,  
A peaceful hush, in a gentle  
daze.  
The rhythm falls, a steady beat,  
A lullaby, for weary feet.

The air is fresh, with earthy  
scent,  
A sweet release, contentment  
lent.  
The garden blooms, with  
vibrant hue,  
Reborn and washed, in morning  
dew.

So let the rain, a soothing  
sound,  
Wash over us, all around.  
And find in peace, a quiet  
space,  
A tranquil mind, in this gentle  
grace.

-Yajur Shyam (Class IX)-

## Echoes of identity

I keep a piece of everyone I  
meet. I'm like a museum  
where history repeats.

My soul is confined by the  
principle of thought.  
You don't stop being until  
you rot.

The principle of nature is no  
less harmful, controlled by  
my environment no less than  
patriarchal.  
Life feels as if congested at  
every turn. Every damn  
moment, you are required to  
learn.

The pieces of others remain  
within me.  
They show through my  
behaviors as if I don't have  
my own personality.

I'm not myself. I'm afraid I  
never will be. What destiny  
beholds, I await to see.

-Rakshita Mehta (Class IX)-

## Spring

As the spring arrives  
The land came to your life  
In the quiet meadows  
where the Zephyr dance  
The kiss of the sun with his  
golden rays

As far my senses see  
I saw the golden fields  
I heard the hits of the  
snake  
And the buzz of the bees

As I move ahead  
I saw the golden field  
Shining the soft cold  
breeze

I saw the petals with the  
glory

Then almost migratory  
Go part with down the lane  
And then end to story

## I were you

If I were a bird  
I would fly for you  
If I were a pen  
I would write for you  
If I were a book  
I would speak for you  
If I were a singer  
I would sing for you

If I were the sun  
You would be my light  
If I were the night  
You would be my moon  
If I were the sweets  
You would be my sweetness  
If I were the question  
You would be my answer  
And these things make me  
whole

If I were you  
I Will never choose you

## \*English Section\*

### \*"Let All Be Together"\*

Let's raise our thoughts  
And step up to the dream world,  
Where everyone looks ambitious  
and well  
With their plots.  
Where nobody wants to stand  
alone,  
But in groups, we lead.

Let's turn on the valiant  
Voice against pessimism,  
Where people will fight for  
optimism.  
Let's not have faith hiding in  
depression;  
It's just where people hold  
everybody's  
Hand and have belief in staying on.

Let's not make others fall,  
But believe in integrity and  
prevent the fall.  
Let's not make a mockery of  
others,  
Where people think of them as  
superior.  
Let's forget all the blunders  
And all emerge together,  
Where people vary in their  
characters  
But not in their thoughts.

-Divyansh Thakur (class IX)-

- Rakshita Mehta (Class IX)-

## \*"Educated OR Qualified?"\*

Learning these days has become of two types—education and qualification. Many a time, qualification is used alternatively for education but being qualified does not mean that one is educated.

Qualification means going to an institute, studying and getting a degree anyhow. However, education means putting your creative and analytical thinking to work. An individual who embarks on his journey into the future as an educated person is far more successful than a qualified person.

Qualification is something that can be faked, bought or sold but not education. Qualification can get you a job but not respect. One should always strive for 'education' rather than 'qualification.' Qualification acts as a price tag for a person, but 'education' is priceless and stays with a person till the end.

So, my dear friends, aim to be educated, and qualification will automatically fall into your lap.

क्षमा से बढ़कर धर्म ना कोई  
स्वयं कहते भगवान हरि  
पर दिनकर पाठ पढ़ व्याकुलता थी मन मे  
हुई  
क्या पाप बड़ा चुनना क्षमा  
सहज तो भी थे श्री राम  
समुर्द किनारे करी प्रार्थना  
सुनी ना समुर्द ने आवज़ जो  
देखा उसने राम का क्रोध वो  
जब तीर धनुष पर बाँधा था  
तब जाके ही क्षमा को माँगा था

## About National Space Day-2024

India became the fourth country to land on the moon and the first to reach its southern polar region on August 23, 2023. To honour this landmark achievement, Hon'ble Prime Minister Shri Narendra Modi announced August 23 as "National Space Day".

India is celebrating its maiden National Space Day [NSpD-2024] on August 23, 2024 with the theme "Touching Lives while Touching the Moon: India's Space Saga."

A myriad of events will unfold highlighting India's remarkable achievements in space, profound benefits to the society, and boundless opportunities for people from all walks of life to engage with the Indian space programme. These celebrations will culminate into the main event at New Delhi on August 23, 2024.

## The Biology of Art By: Divya Shree Kashyap

Art and biology may seem like two vastly different fields, but they are increasingly intersecting in innovative and fascinating ways. Scientists are now using living organisms to create new forms of art, pushing the boundaries of both art and science. This emerging field, known as "bio-art" or "biological art", is opening up new possibilities for artistic expression and challenging our understanding of the relationship between living organisms and art.

Bio-art involves the use of living organisms, such as bacteria, cells, or plants, as a medium for artistic expression. Bio-art often incorporates elements of science, technology, engineering and mathematics (STEM) and can be used to explore complex scientific concepts in a visually engaging and accessible way.

One example of bio-art is the use of bacteria to create colourful patterns and designs. This can be achieved by using agar plates, which are Petri dishes filled with a gel-like substance that provides a nutrient-rich environment for bacteria to grow. Another example of bio-art is the use of plants to generate music. This can be achieved by using sensors to detect the electrical signals produced by plants in response to environmental stimuli, such as light and sound.

By using living organisms as a medium for artistic expression, bio-art can make science more accessible and interesting to a wider audience. In conclusion, bio-art is a fascinating and rapidly evolving field that is pushing the boundaries of both art and science. As scientists and artists continue to explore the intersection of art and biology, we can expect to see new and innovative forms of bio-art emerge, inspiring a new generation of scientists and artists.

## Bioluminescent Urban Landscaping: Harnessing Natural Light for Sustainable City Learning

### Overview

The idea involves integrating bioluminescent organisms (like algae, fungi or engineered bacteria) into urban landscaping to create self-lighting plants and trees for sustainable, eco-friendly city lighting. These natural light sources would provide illumination during the night reducing the need for traditional streetlights and lowering the overall energy consumption in cities.

~ given by Vanshika Shakur.

# Biodiversity And Conservation

Biodiversity is the variety of life on Earth including plants, animals, fungi, and microorganisms. It also refers to the interactions between these living things. India is one of the megabiodiversity rich country among 17 megabiodiverse country.

Total number of species on earth according to Robert May is 7 million

In the last 100 years more than 90 percent of crop varieties have disappeared from farmers' fields. Many domestic animals have been lost, and all of the world's 17 main fishing grounds are now being fished at or above their sustainable limits. Local variety of food production systems are under threat. In past 500 years we have lost 784 species. We have done 5 mass extinction so far and we are heading towards 6th mass extinction so far due to human activities. Bio diversity is exploited due to evil quarter which includes over exploitation, Alien Species invasion, and Habitat loss and fragmentation.

We have to conserve the biodiversity because it provide food, fodder, drugs, medicines, oils, paper and industrial products. Conservation can be Ex situ and In situ.

## अधिकार

प्रभु का करिश्मा है वो  
सभी की तरह इंसान है वो  
सभी की तरह दर्द उसे होता है  
आखिर साथ उसके भी तो गलत होता है  
अधिकार रोने का उसे भी तो है  
मगर समाज ने नवाकिफ़ रखा है उसे।।

चुप रहता है क्यूकी जनाब  
वोह लड़का है  
अपना दर्द जताने का अधिकार  
आखिर उसे भी तो हैं  
न जाने क्या क्या सहता है  
मगर फिर भी खामोश रहता है।।

एक पिता एक बेटा एक पति है वो  
हज़ार ज़िम्मेदारियाँ निभाता है जो  
अगर हो अर्धनारिश्वर  
अछूत उसे समझा जाता है  
मगर वो तो प्रभु का स्वरूप है  
जिसे आज भी हर घर में  
पूजा जाता है।।

समाज ने भेदभाव के बंधन में जकड़ा है  
एक लड़की अपना दर्द खुलके जता ले  
मगर हो लड़का तो कैसे करे ;  
ये समाज तो मोह माया है  
जिसने हर कदम पर उसे रुलाया है  
अपने अधिकार के लिए लड़ता है  
रोज़ एक नया दर्द  
सीने में लेकर चलता है।  
बस यही कहूंगी क्या उसे दर्द बाटने का अधिकार नहीं ;  
क्या वो भी सबकी तरह इंसान नहीं ;

कृतिका मिश्र

Poem  
on

Be Kind and smile

A little smile can go so far,  
It shines as bright as any star.  
A kind 'Hello', a helping hand,  
Can spread some joy across the land.

Be kind to friends, and even more.  
To those you've never met before.  
A little love, a gentle way,  
Can make it such a happy day!

Share your toys and play with care,  
Show the world you love to share.  
When you are kind, it feels so sweet,  
It makes the world a better street.

So smile wide and always try,  
To lift someone, to dry a cry.  
Kindness grows and never ends,  
It starts with you and spreads to friends!

## समय

समय का चक्र सदा ही चलता जाय  
हर पल फ़क़ बना आख्यात बनाय  
कहते हैं कि कद्र करे गर इश्की,  
यह भी हमें कद्र दिखाय ॥

समय के पास समय नहीं  
कि हमें दोबारा समय दे सकें।  
अभिलाषा है कि जाय कोई कहीं,  
समय भी उसके साथ चलता जाय ॥

आज तुम रंग दिखा रहे हो  
समय बरबाद करके बहुत इतरा रहे हो  
अविष्य का क्या, जब समय रंग दिखाया  
ऐसा वक्त आया कि प्रभु हर का क्या  
घात का भी नहीं कहलाया ॥

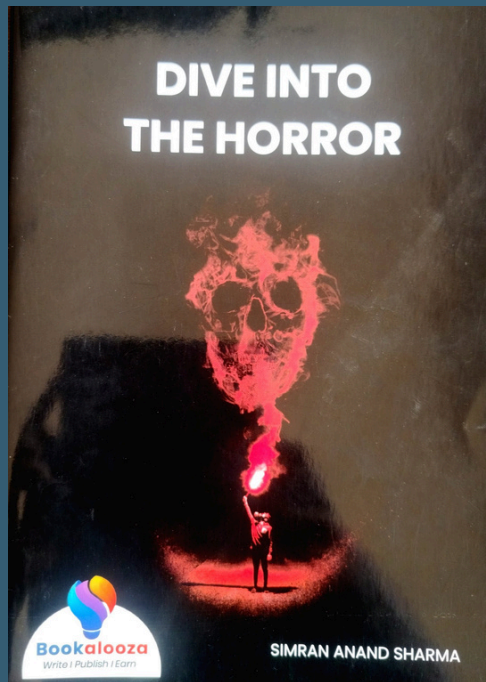

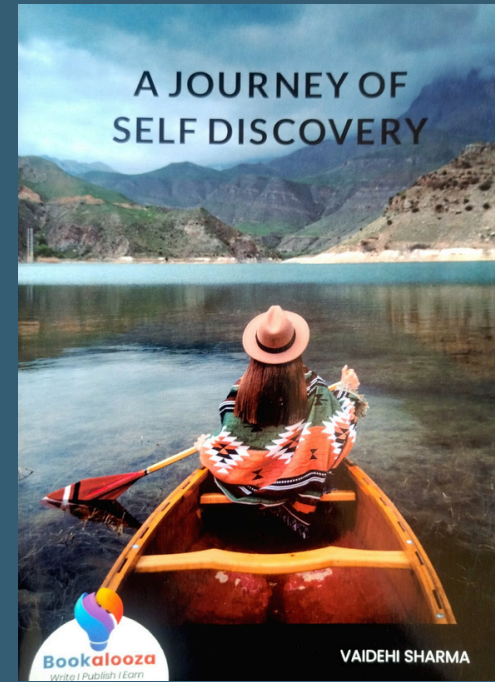

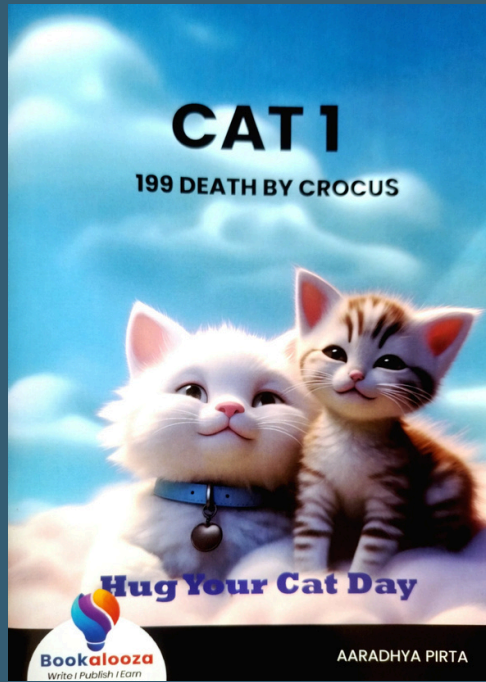

कालगति का चक्र है ये,  
जिसे बढ़े-बढ़े विद्वान न बदल पाय  
तू बस कर्म करता जा  
तो कर्म का फल कहा जाय ॥

आओ हम तुम समय रहते  
समय को साथ लेकर चले  
प्रेरणा यह है कि  
अब हम भी समय के साथ हले ॥

# Aspiring Authors' Alcove (Books Written by Our Badding Authors)

Our talented young authors have transformed their imaginative ideas into captivating books, now available on the Amazon shopping app.

# Supplemental Learning Opportunities

Our school proudly upholds a rich tradition of fostering a diverse array of co-curricular activities, which include sports, music, dance, visual arts, and crafts. Through these vibrant programs, students are not merely participants; they embark on a journey of self-discovery and growth. Each activity is designed to ignite passion and creativity, providing a safe space where students can fully express themselves.

Our co-curricular programs are not just add-ons to the curriculum; they are integral to creating well-rounded individuals who are prepared to face the complexities of the world ahead. By participating in these diverse experiences, students develop a robust set of social skills, adaptability, and a love for lifelong learning, equipping them with the tools necessary for success in all facets of life.

# Playful Pursuits

# Beyond the Classroom: A Mural of our Co Curricular Activities

## Music And Dance

Our state-of-the-art music room is a haven for aspiring musicians, equipped with top-of-the-line musical instruments that are sure to inspire and elevate our students' musical talents.

At Saraswati Paradise, we understand the importance of providing our students with the best tools to nurture their passion for music. That's why our music room boasts a diverse range of instruments, carefully curated to cater to all genres and styles of music.

What sets our music room apart is the quality of our instruments. We take pride in offering our students nothing but the best. Each instrument is meticulously maintained and regularly tuned, ensuring that it delivers optimum sound quality. The spacious layout allows for group lessons and performances, fostering collaboration and a sense of community among our budding musicians.

At Saraswati Paradise, we aim to nurture well-rounded individuals, and our music room is an integral part of our academic program. It is a testament to our dedication to providing our students with the best educational experience.

## Creating a Station for Toys

The play area also includes fun and interactive games that not only entertain but also challenge young minds, fostering teamwork and problem-solving skills as children engage with one another and the activities around them. To enhance the joyous atmosphere, charming cartoon characters scattered throughout the area, create a whimsical environment that inspires imagination and play. This new addition promises to be a safe and fun-filled haven where children can explore, socialize, and develop essential skills, making it an invaluable part of our school community.

# Teaching Staff

The teaching staff at Saraswati Paradise International Public School plays a crucial role in providing high-quality education to our students. They are highly qualified and experienced professionals who are dedicated to their craft and committed to their students' success. They serve as mentors, guides, and facilitators, imparting knowledge and skills in a nurturing and supportive environment. With their expertise and passion for teaching, they create engaging and interactive lessons that cater to the diverse learning styles of our students. Moreover, they possess excellent communication, organization, and time-management skills, which enable them to effectively manage their classrooms and maintain a positive and respectful learning environment. Our teaching staff at Saraswati Paradise International Public School embodies the qualities of patience, empathy, and adaptability, making them role models for our students and inspiring them to become lifelong learners.

## Non Teaching Staff

At Saraswati Paradise International Public School, our non-teaching staff plays a pivotal role in maintaining the smooth functioning of our institution. They are responsible for ensuring that the administrative, maintenance, and support services are carried out efficiently and effectively. Our non-teaching staff possesses a diverse range of skills and qualities that make them an integral part of our school community. They possess excellent organizational and time-management skills, attention to detail, and the ability to work collaboratively with other staff members. They also demonstrate a strong work ethic, professionalism, and a commitment to providing exceptional service to our students, parents, and faculty. Their dedication, hard work, and positive attitude contribute significantly to creating a conducive learning environment for our students. We are fortunate to have such capable and dedicated non-teaching staff at our school.

# WHY ONLY SPIPS?

S.P.I.P.S recognition is the result of excellent educational opportunities and the diligent efforts of our students and staff. High academic standards and clearly stated policies that are consistently enforced are critically linked to our successful tradition here at S.P.I.P.S. S.P.I.P.S students have an established tradition of demonstrating their school spirit in a multitude of ways.

They not only are recognized in the community for academic achievements but also for their active participation and noteworthy accomplishments in a broad range of extracurricular activities. The students are friendly, enthusiastic, and cooperative whether they are involved as leaders, performers, participants or spectators. The faculty and administration are confident that present and future students will not only continue the spirit of S.P.I.P.S but will also contribute to its growth and expansion.

## COME RISE IN LOVE WITH LEARNING IN THE ABODE OF GODDESS SARASWATI.....!

“Planned School Infrastructure is an out-and-out key factor in effective teaching and learning”
